Summaries of the proposed regulations and the economic impact follow.

Technical Regulation Changes

With the exception of K.A.R. 122-3-11, all of the amendments to the regulations listed below are technical changes necessitated by the 1996 Legislature's passage of 1996 Senate Bill 476 (L. 1996, Ch. 254). The following regulations are being amended to make technical changes:

K.A.R. 122-2-2, Collateral: Adjusts an internal reference to a subsection in K.S.A. 75-4201 that was given a new letter designation.

K.A.R. 122-3-1, Investment principles: Adds a reference to the newly created position of Director of Investments.

K.A.R. 122-3-2, Portfolio management: Removes references to approvals for exchanges of investments between two investment pools. The two pools were combined by the 1996 legislation.

K.A.R. 122-3-3, Investment instruments: Removes a reference to a statute that was repealed in the 1996 legislation.

K.A.R. 122-3-4, Maturity: Removes the reference to mortgage-backed securities because such securities are no longer permitted investments. Also removes the reference to "weighted average maturity limitations" because the 1996 legislation removed such limitations.

K.A.R. 122-3-5, Investment transactions: Adds a reference to direct issuers and dealers of qualified commercial paper. The 1996 legislation authorized investments in commercial paper that does not exceed 270 days to maturity and which has received one of the two highest credit ratings by a nationally recognized investment rating firm.

K.A.R. 122-3-7, (Safekeeping); 122-3-9, (Performance monitoring); and 122-3-10, (Chief investment officer): Add references to the newly created position of Director of Investment.

K.A.R. 122-4-1, Municipal investment pool: Makes technical changes relating to the combining of the two investment pools and the elimination of the municipal investment pool fee fund and reserve fund.

K.A.R. 122-5-1, Money available for investment: Adds a reference to the newly created position of Director of Investments.

New Permanent Regulation

K.A.R. 122-3-11, Commercial paper: This is the only regulation that has not previously been adopted as a permanent regulation. A temporary regulation on commercial paper limitations was effective June 19, 1996. A second temporary regulation will be adopted to clarify the limitations. This permanent regulation contains the same limitations incorporated in the second temporary regulation.

Under the provisions of K.S.A. 1995 Supp. 75-4209, as amended by 1996 S.B. 476, § 17 (L. 1996, Ch. 254), the Director of Investments is permitted to invest eligible state moneys in commercial paper that does not exceed 270 days to maturity and which has received one of the

two highest commercial paper credit ratings by a nationally recognized investment rating firm. The Pooled Money Investment Board is required to adopt regulations establishing an overall percentage limitation on the investment of moneys in such commercial paper, and within that authorized investment, a percentage limitation on the investment in any single business entity.

K.A.R. 122-3-11 establishes these limits. It prohibits investment of more than 50 percent of the pooled money investment portfolio in commercial paper and limits investments in any single business entity to a maximum of 10 percent of the portfolio. The regulation provides that these limitations may be further restricted by the board through written and published policies. For purposes of computing the 50 percent limitation, the pooled money portfolio is considered to be comprised solely of investments made pursuant to subsections (a), (c) and (d) of K.S.A. 1995 Supp. 75-4209, as amended by 1996 S.B. 476, § 17 and K.S.A. 1995 Supp. 75-4262, and interest receivable on such investments.

Investments in commercial paper of the type permitted under 1996 S.B. 476 historically generate a higher rate of return than some of the other investment instruments authorized under K.S.A. 75-4209, as amended. It is estimated that the commercial paper investments would generate a rate of return that is approximately 25 basis points (.25 of 1 percent) higher than United States treasury bills with comparable maturities. Transaction costs for both types of investments are similar. Therefore, on an annual basis, the rate of return anticipated with commercial paper investments would result in increased investment earnings of \$2,500 per million dollars invested. Pooled Money Investment Board data for April 30, 1996, indicates that the maximum amount of pooled money investment portfolio funds which could be invested in commercial paper under the 50 percent limitation established by K.A.R. 122-3-11 would be approximately \$708,306,449. If the maximum of 50 percent of the pooled money investment portfolio was invested in commercial paper, the increased annual earnings would be approximately \$1.77 million. However, it is expected that eligible state moneys would not be invested in commercial paper at the 50 percent maximum level in the near term and, therefore, increased annual earnings are not likely to reach this level.

This regulation provides the framework in which the Director of Investments may invest eligible state moneys in instruments which are expected to create a higher return, while ensuring the safety of capital by maintaining a diversity of investments through limits on investments of commercial paper. Therefore, the regulation is expected to provide an increase in investment earnings for the State of Kansas, its agencies, and local units of government participating in the Municipal Investment Pool. No increase in administrative costs or other operating expenses of the Pooled Money Investment Board, state agencies, or municipalities with funds invested in the Municipal Investment Pool is anticipated as a result of implementing K.A.R. 122-3-11.

Public Notice

Section 303(d) of the Clean Water Act requires that each state identify those surface waters for which existing required pollution controls are not stringent enough to implement state water quality standards. For those waters, states are required to establish total maximum daily loads (TMDLs). The 303(d) list of Kansas water-quality limited segments is now available, and KDHE is seeking public comment.

The 303(d) list includes pollutants causing impairment and the priority ranking for targeting TMDL development within the next two years. The final list will be submitted to the EPA for approval.

Copies of the list can be obtained by contacting Ricquelle Landis, Kansas Department of Health and Environment, Office of Science and Support, Building 283, Forbes Field, Topeka, 66620, (913) 296-6603. Comments must be submitted to Office of Science and Support by October 25.

Request for Nominations to Advisory Task Force

The Kansas Department of Health and Environment is planning to establish an advisory task force related to small municipal solid waste combustors (MWC). This task force will advise and assist KDHE in developing air emission regulations for MWC, burning less than 35 megagrams (38.5 tons) of municipal solid waste per day.

The purpose of the MWC advisory task force will be to work in a coordinated effort with KDHE to develop recommendations for MWC regulations that will provide appropriate environmental benefits in a cost-effective manner.

KDHE is requesting that prospective candidates be nominated for membership on the MWC advisory task force. The membership of the advisory task force will be selected to include a balanced representation of interested persons with the knowledge and experience to address the complex issues associated with the development and implementation of new MWC regulations.

Ideally, candidates for membership will:

- 1) represent an affected party and, preferably, be able to represent the interests of other affected parties;
- 2) possess an understanding and technical knowledge of municipal waste combustors;
- 3) have knowledge or experience with the regulatory process in Kansas; and
- 4) be able to commit the time required to participate in the activities of the task force.

Nominations should include the name, address and telephone number(s) of the nominee and briefly discuss and explain how the nominee meets the criteria for MWC task force membership outlined above. A brief resume also should be included for each nomination. Nominations will be accepted until November 1. When selection of the task force members is complete, KDHE will provide notice to all nominees of those selected. A public notice will be provided for task force meetings.

Nominations should be mailed to John S. Ramsey, Kansas Department of Health and Environment, Bureau of Air and Radiation, Forbes Field, Building 283, Topeka, 66620. Questions pertaining to the nomination process may be directed to John Ramsey at (913) 296-1992.

Proposals will be issued upon request to all prospective bidders who have been prequalified by the Kansas Department of Transportation on the basis of financial condition, available construction equipment and experience. Also, a statement of unearned contracts (Form No. 284) must be filed. There will be no discrimination against anyone because of race, age, religion, color, sex, handicap or national origin in the award of contracts.

Each bidder shall file a sworn statement executed by or on behalf of the person, firm, association or corporation submitting the bid, certifying that such person, firm, association or corporation has not, either directly or indirectly, entered into any agreement, participated in any collusion, or otherwise taken any action in restraint of free competitive bidding in connection with the submitted bid. This sworn statement shall be in the form of an affidavit executed and sworn to by the bidder before a person who is authorized by the laws of the state to administer oaths. The required form of the affidavit will be

provided by the state to each prospective bidder. Failure to submit the sworn statement as part of the bid approval package will make the bid nonresponsive and not eligible for award consideration.

Plans and specifications for the projects may be examined at the office of the respective county clerk or at the KDOT district office responsible for the work.

Opinion No. 96-73

Probate Code—Adoption—Kansas Adoption and Relinquishment Act; Payment for Adoption; Criminal Penalties. Paul J. Morrison, Johnson County District Attorney, Olathe, September 11, 1996.

A surrogate fee is not a fee for a professional service rendered in connection with an adoption pursuant to K.S.A. 59-2121. Cited herein: K.S.A. 59-2121; 59-2278c (repealed L. 1990, ch. 145). MF

Counties and County Officers—Hospitals and Related Facilities—County Hospitals, Procedures to Establish; Hospital Board; Procedure to Elect or Appoint Members. Eric W. Marshall, Kiowa County Attorney, Greensburg, September 11, 1996.

Determination of the procedure for election of members of the Kiowa County Memorial Hospital Board, achieved through the adoption of a resolution by the board of county commissioners, is a prescribed step to be completed before a valid election of members of the hospital board may be conducted. Given that the board of county commissioners for Kiowa County has not adopted such a resolution, the election of members of the Kiowa County Memorial Hospital Board conducted August 6, 1996, is a nullity. Schools—Miscellaneous Provisions—Private School Pupils; Auxiliary School Services; 1996 Senate Bill No. 636; Constitutionality. Representative Brenda K. Landwehr, 91st District, Wichita, September 11, 1996.

A pupil attending a private school does not possess a property interest in the yearly provision, free of charge, of auxiliary school services as enunciated under K.S.A. 72-5393. Amending the statute as proposed in 1996 Senate Bill No. 636 would not violate the due process clause of the Fourteenth Amendment to the United States Constitution. State Boards, Commissions and Authorities—Law Enforcement Training Center; Training Commission—

Qualifications for Applicant for Training Course; Requirements; Tribal Law Enforcement Officers. Ed H. Pavey, Director, Kansas Law Enforcement Training Center, Hutchinson, September 11, 1996.

Otherwise qualified employees of a tribal law enforcement agency of an Indian nation that has entered into a tribal-state gaming compact with the State of Kansas are eligible for admission to a course for police or law enforcement officers conducted by the Kansas Law Enforcement Training Center, and may be certified by the Kansas Law Enforcement Training Commission upon successful completion of the basic training program. However, because tribal law enforcement officers do not meet the definition of law enforcement officer in K.S.A. 1995 Supp. 75-5602, they are not subject to the continuing education requirements. K.S.A. 1995 Supp. 45-217 excludes judges of the district court from the definition of public agency. Judges' telephone records do not become public records merely because the telephone system is maintained by another branch of government. Elections—Sufficiency of Petitions—Application to Both State and Local Elections; Determination of Sufficiency of Petitions; Question to be Submitted Filed With County or District Attorney Prior to Circulation; Determination of Legality of Form, Authority of County or District Attorney. Don Jarrett, Chief Counsel, Johnson County, Olathe, September 18, 1996.

The review of a petition by the county or district attorney conducted prior to circulation of the petition should be directed toward the form, rather than the content of the question the petitioners seek to bring to an election. The opinion of the county or district attorney required under K.S.A. 25-3601 should address whether the question petitioners seek to bring to an election is in the form of a question, appears as it should upon the ballot, and includes the language set forth in K.S.A. 25-620. A rebuttable presumption as to these aspects of the question will attach upon approval of the question by the county or district attorney. The entity to which the petition is directed retains the authority to determine whether the question set forth in the petition is misleading or ambiguous. Department of Credit Unions

Permanent Administrative
RegulationsArticle 3.—CREDIT UNION SERVICES
ORGANIZATION (CUSO)

121-3-1. Credit Union Services Organization (CUSO). (a) Organization. A credit union may invest in or loan to a CUSO only if the CUSO is structured as a corporation or limited liability company and operated as a separate legal entity.

(b) Member base. A credit union may invest in or loan to a CUSO if:

(1) the CUSO only engages in permissible services and activities which are primarily provided to the investing or lending credit union and the lending credit union's members as well as other credit unions and their members;

(2) the CUSO does not engage in activities prohibited by subsections (d) or (e) of this regulation and

(3) the CUSO complies with subsections (f) and (h) of this regulation.

(c) Permissible services and activities. A credit union may invest in or loan to those CUSO's that provide one or more of the following services and activities:

(1) Financial services which shall include the following:

(A) financial planning and counseling;

(B) retirement counseling;

(C) investment counseling;

(D) securities brokerage services;

(E) estate planning;

(F) income tax preparation;

(G) acting as administrator for prepaid legal service plans;

(H) developing and administering individual retirement accounts, deferred compensation or other personnel benefit plans;

(I) acting as trustee, guardian, conservator, estate administrator, or any other fiduciary capacity; and

(J) agent for sale of insurance;

(2) Operational services which shall include the following:

(A) Credit card and debit card services;

(B) check cashing and wire transfers;

(C) internal audits for credit unions;

(D) automated teller services;

(E) electronic fund transfer services;

(F) accounting services;

(G) data processing;

(H) shared credit union service center operations;

(I) management, development, sale or lease of fixed assets;

(J) sale, lease or servicing of computer hardware or software;

(K) management and personnel training and support;

(L) payment item processing;

(M) marketing services;

(N) research services;

(O) record retention and storage;

(P) credit union business operations recovery services;

(Q) debt collection services;

(R) credit analysis;

(S) loan processing, servicing and sales;

(T) coin and currency services; and

(U) provision of forms and supplies.

A CUSO shall comply with applicable federal, state and local laws when engaging in any of the above activities or services. Any service or activity that is not authorized in (c)(1) or (c)(2) shall be approved by the administrator, Kansas department of credit unions, before a CUSO may offer that service or activity. Any request for approval shall include a full explanation of the proposed service or activity and how that service or activity is associated with routine credit union operations.

(d) Prohibited activities. A credit union shall not invest in or make loans to a CUSO, which has acquired control, directly or indirectly, of another financial institution or which has invested in shares, stocks or obligations of an insurance company, trade association, liquidity facility or similar organization. The credit union shall not engage in any activity, contract for, or enter into any form or manner of arrangement with a CUSO that would cause the credit union to be committed or liable for an amount in excess of its investment in or loan to the CUSO.

(e) Conflict of interest. Individuals who serve as officials of, or senior management employees of, a credit union which invests in or makes loans to a CUSO, and immediate family members of such individuals, shall not receive any salary, commission, investment income, or other income or compensation from a CUSO either directly or indirectly, or from any person being served through the CUSO. This provision does not prohibit an official or senior management employee of a credit union from assisting in the operation of a CUSO, provided the individual is not compensated by the CUSO. However, the credit union may be reimbursed by the CUSO for the services provided by the individual.

(2) All transactions with business associates or family members not specifically prohibited by (e) shall be conducted at arm's length and in the interest of the credit union.

(f) Accounting procedures. Credit unions shall follow generally accepted accounting principles (GAAP) to record any investment in, loan to, or other transactions with a CUSO. A CUSO shall agree in writing with its participating credit unions to follow generally accepted accounting principles (GAAP).

(g) Financial statements. Credit unions shall obtain from any CUSO for which the credit union has an outstanding loan or investment:

(1) a certified public accountant opinion audit on at least an annual basis;

(2) monthly financial statements including a balance sheet and income statement.

(h) Access to records. A credit union shall not invest in or make loans to a CUSO which has not agreed, in writing, with that credit union to provide representatives of the Kansas department of credit unions with complete access to any of the books and records of the CUSO as the administrator may request.

(i) Compliance date. Each credit union that has an investment in or loan to a CUSO on or after the effective date of this regulation shall comply with the provisions of this regulation not later than one year after the effective date of this regulation.
